

Another Object of great Importance, which requires your excellent Attention, is a late flagrant & formal attack upon the Constitution it self: An Attempt, not only to deprive us of the Liberties Privileges & Immunities of our Charter; but the Rights of British Subjects. We have seen Copies of Letters published here, authenticated by the Clerk of the Crown, to the Hon^d. House of Commons, the Contents of which must have shocked the Fidelity of the Country - the Design of the Writer is sufficiently apparent. And considering his Station, or Representation of the Joint Demerit in the Empire, and the Rank of the Ministers to whom he addressed himself, we cannot wonder that Credit has been given to his Letters, in Great Britain, & that they have already produced Effects alarming to the Colonies & dangerous to both Countries. It is therefore expected that you use ~~your~~ ^{the} whole Influence you may please, that the injurious Conspiracies which they have contrived may be removed, & that an effectual Antidote may be administered, before the Poison, shall have wrought the Ruin of the Constitution. -
